5

mistakes in your books you won't notice

Unless someone reviews them every day.

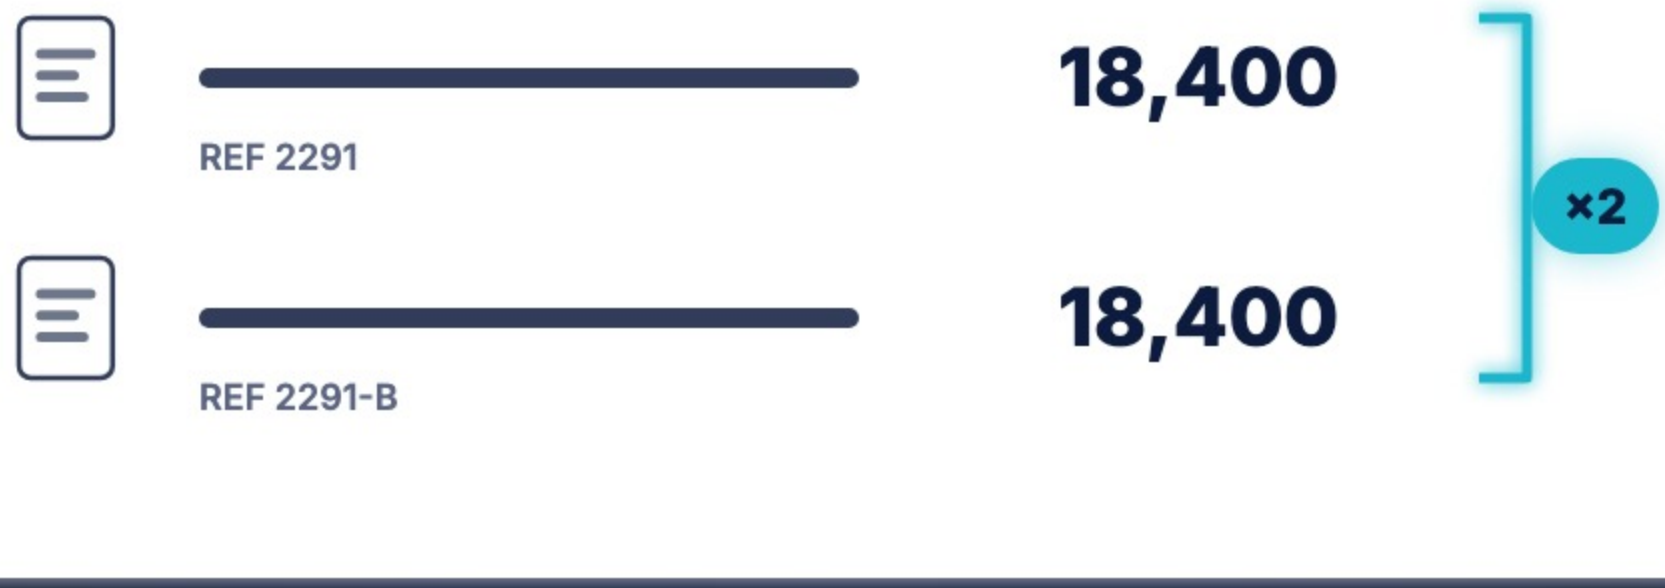

Swipe →

MFT

01

The same invoice, paid twice

Two references, the same amount, the same supplier.

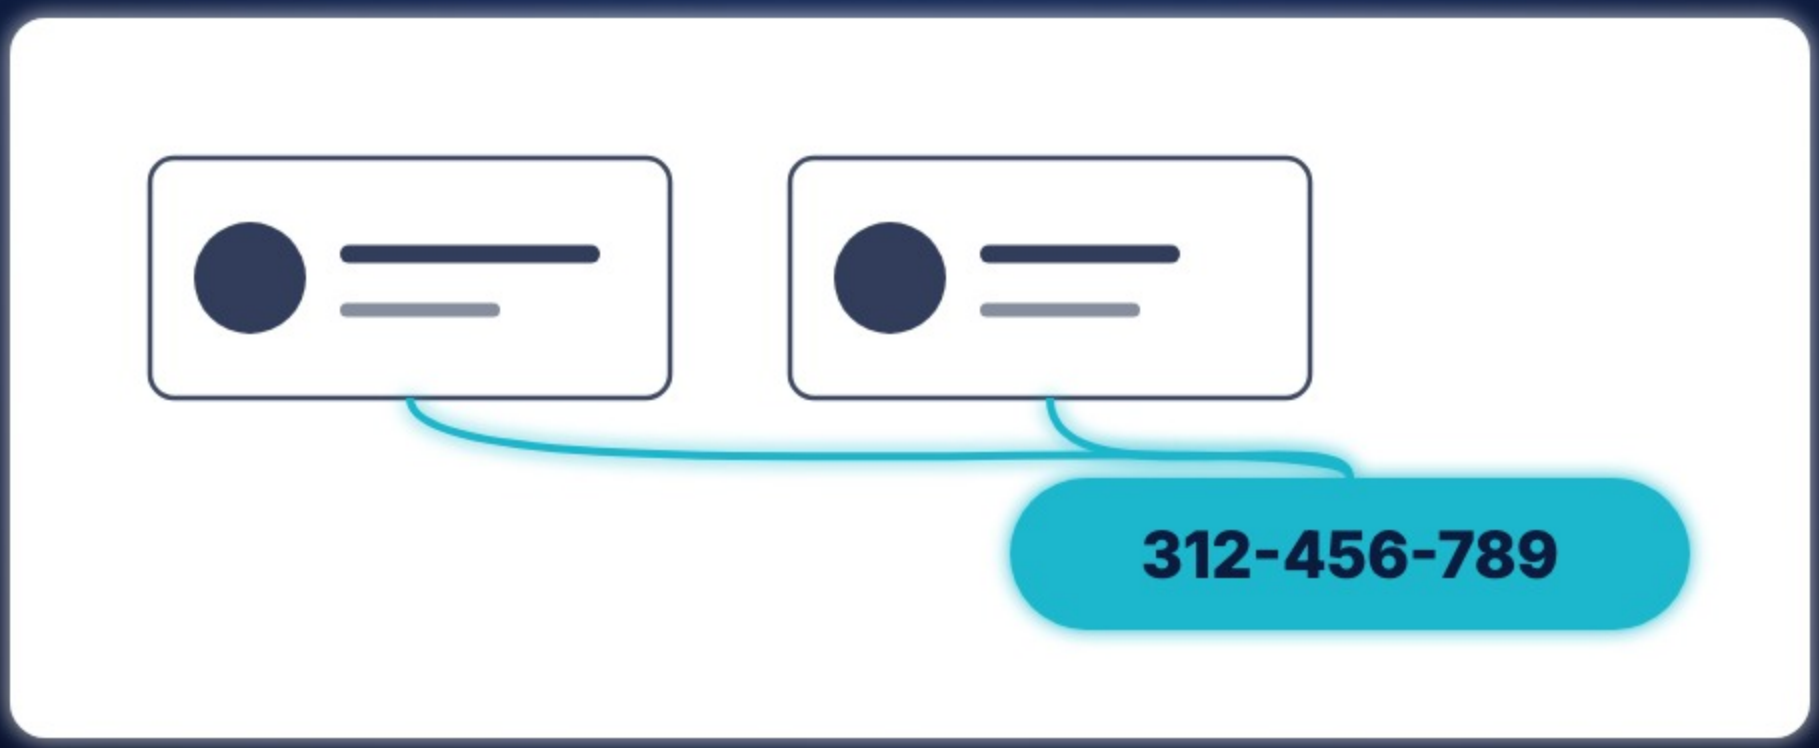

SEG Audit flags it, with its evidence.

02

One supplier, two names

Two supplier codes, one tax ID.

SEG Audit flags it, with its evidence.

03

An entry after period close

Closed in the report, still open in the books.

SEG Audit flags it, with its evidence.

04

A supplier invoice with no PO

The payment went out; the approval never existed.

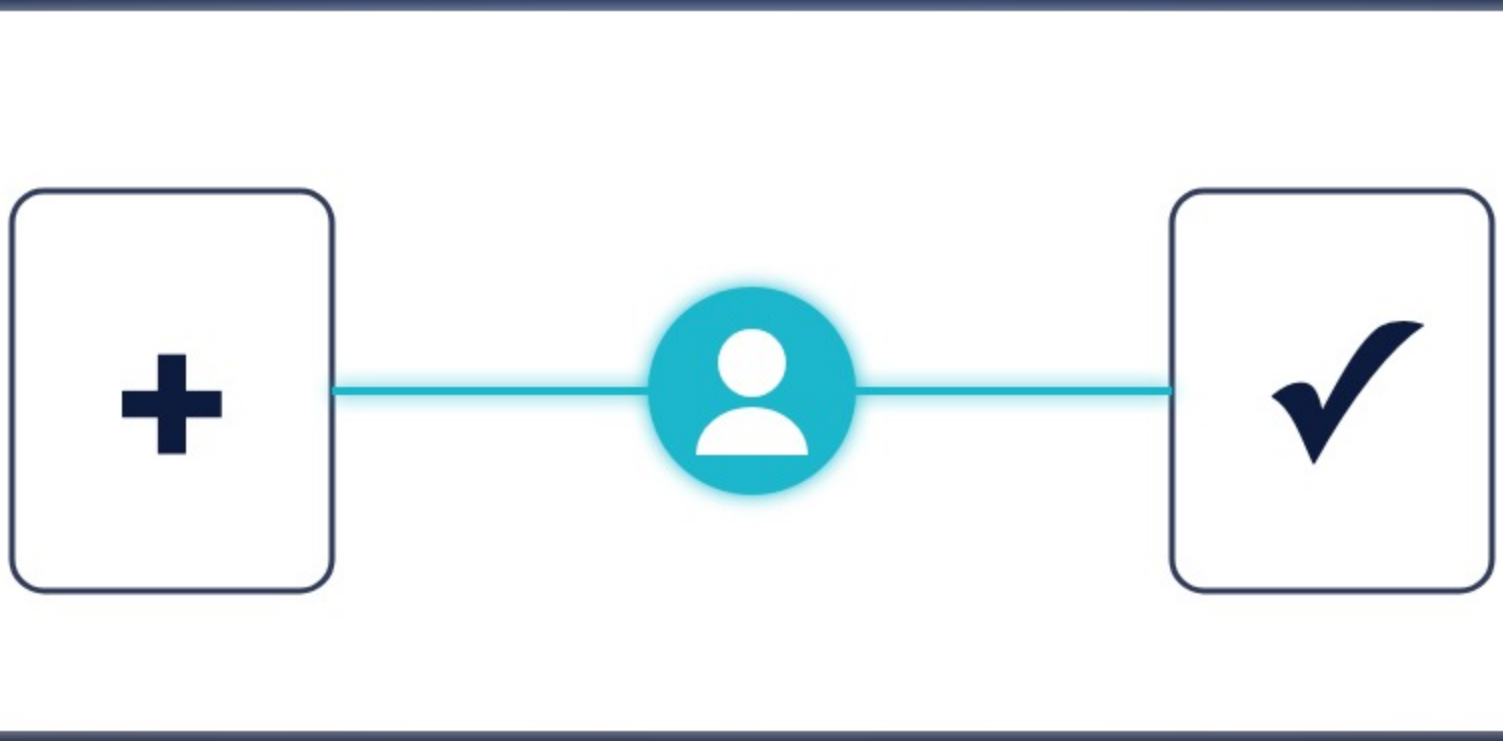

SEG Audit flags it, with its evidence.

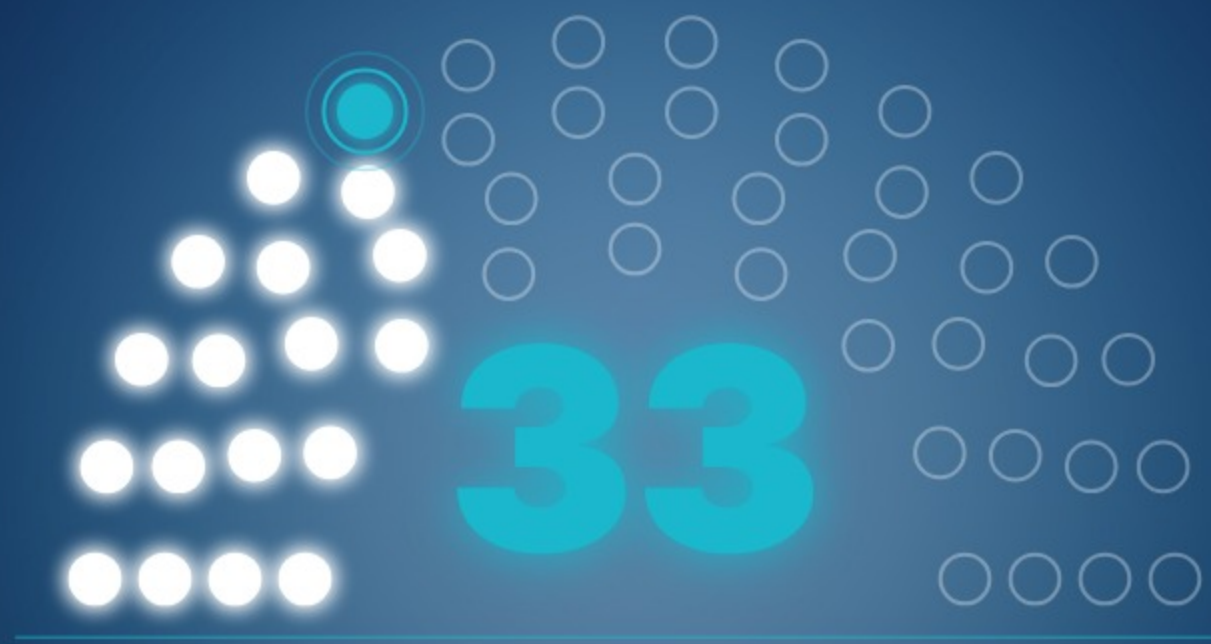

05

One person creates and approves

The access is there; the segregation of duties is not.

SEG Audit flags it, with its evidence.

SEG Audit reviews your books every day.
