5

mistakes in your books you won't notice

Three of them need an Odoo connection.

Swipe →

01

Suspense accounts left open

A balance parked in a clearing account for months.
(Needs an Odoo connection.)

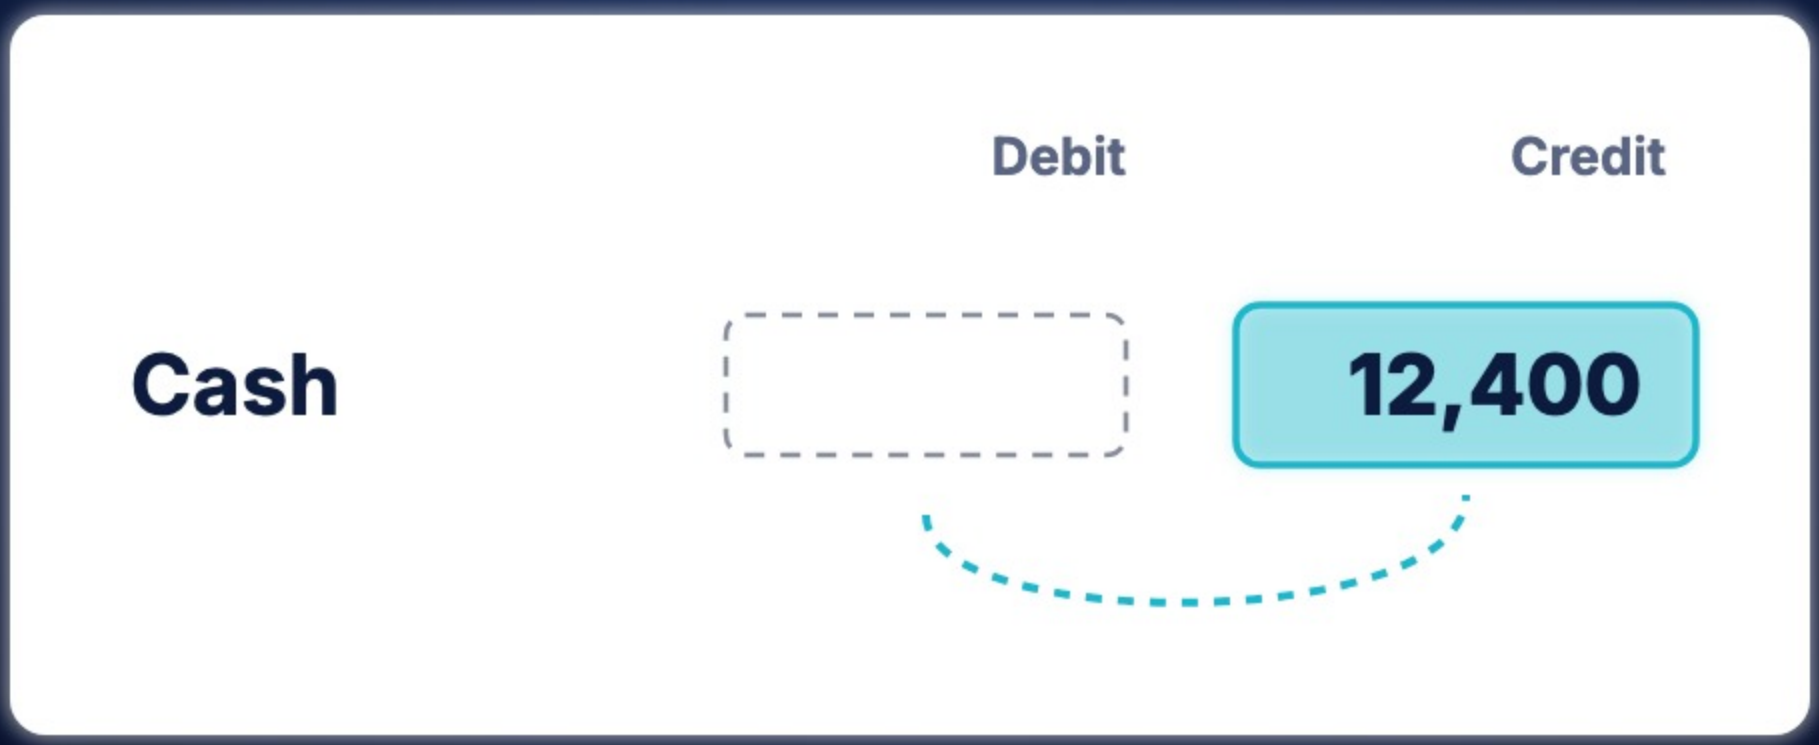

The free trial-balance check flags it in minutes.

02

Abnormal balances

An account against its nature: cash with a credit balance.

The free trial-balance check flags it in minutes.

03

A trial balance that doesn’t balance

Total debits don’t equal total credits.

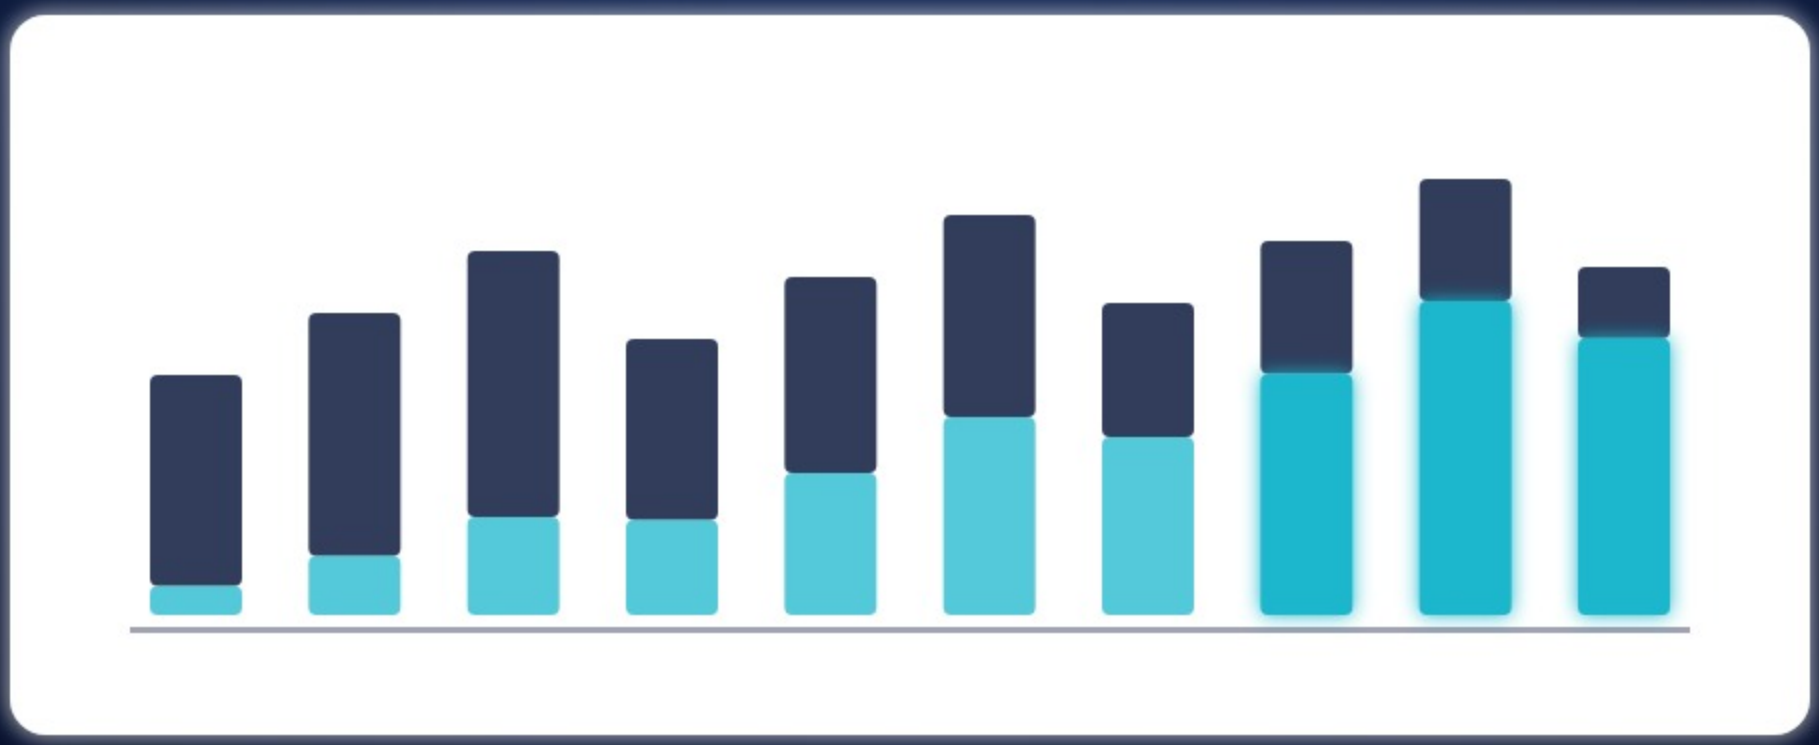

Debit		Credit
1,241,050	≠	1,249,400

The free trial-balance check flags it in minutes.

04

Heavy manual entries

Too many manual entries on sensitive accounts. (Needs an Odoo connection.)

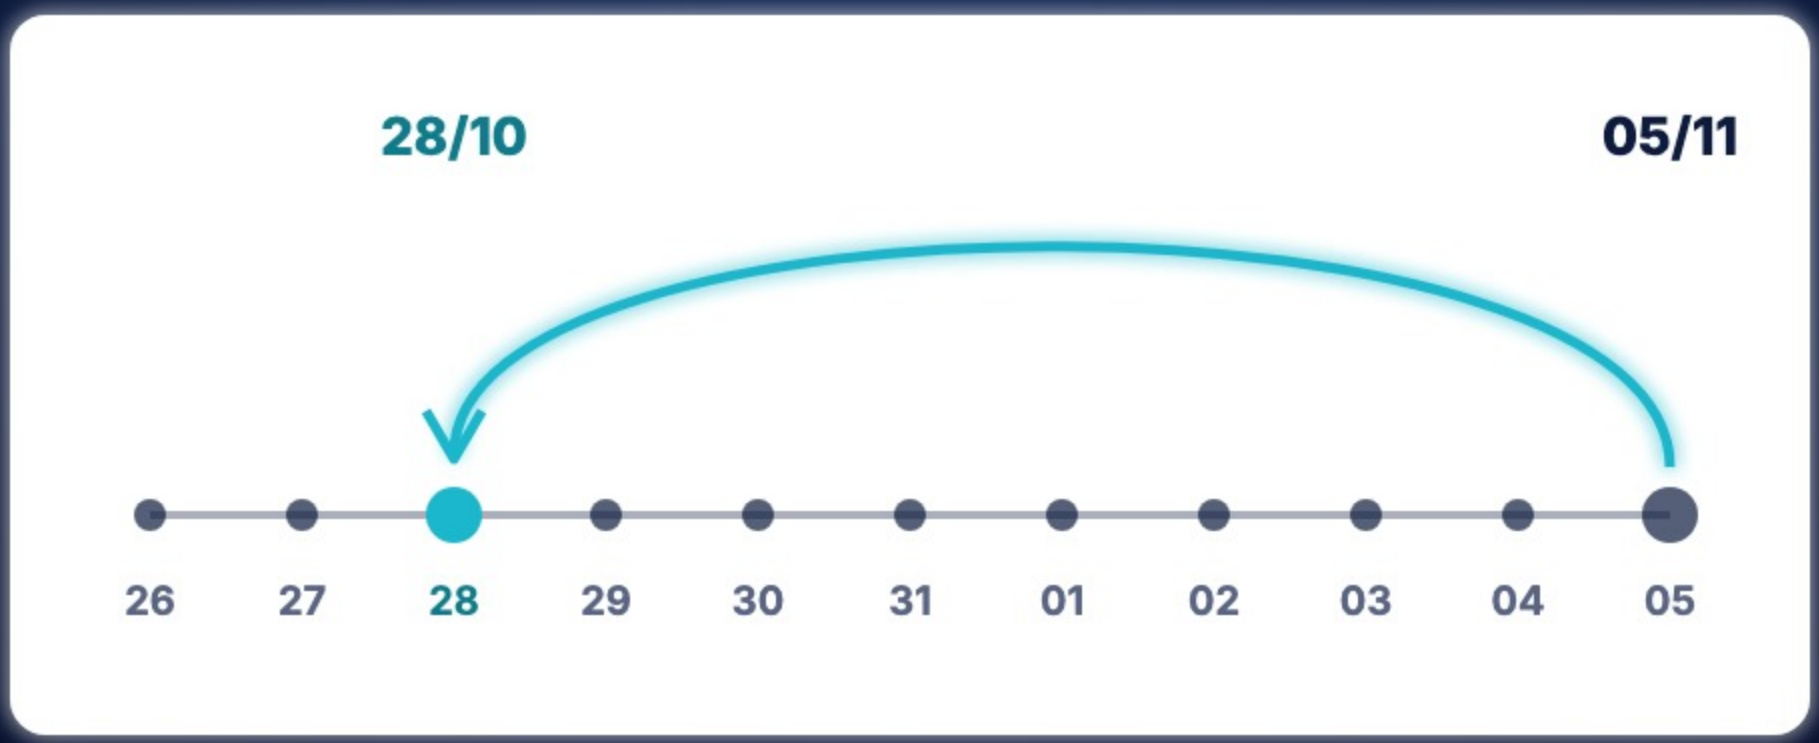

The free trial-balance check flags it in minutes.

05

Backdated entries

Entries recorded today with an old date. (Needs an Odoo connection.)

The free trial-balance check flags it in minutes.

	Account	Debit		Credit
02	Cash			12,400
01	Suspense	86,250		
	Receivables	395,600		
	Payables			412,300
04	Revenue			824,700
	Cost of sales	640,300		
05	Expenses	118,900		
03	**Total**	**1,241,050**	≠	**1,249,400**

A free check of your company's trial balance that flags its risk points in minutes

Trial-balance indicators; three need an Odoo connection. Not a full audit report.
